![Frequently Asked Questions](image)

- **Submission and payment**
  - I paid for my application but was told it was not yet submitted. Please forward the receipt you received. We will mark your payment as complete, and you will be able to see this in your status.
  - I submitted my application before midnight but it looks like I missed the deadline! Don’t worry! The servers for the UCLA Application for Graduate Admission operate on Eastern time. As long as the application is submitted by 2:00 a.m. Eastern time on the day after the deadline, the application is considered on time.
  - I received an email with the subject line “DISCREPANCY?” Please don’t worry. These refer to minor data issues related to personal information you submitted and do not affect the review of your application. There may be an applicant or student already in the database who has the same name and a very similar birthdate. Perhaps you applied before under a different name. We want to be sure your data is correct and loaded correctly, and we may need your help to determine if a correction is needed. We send hundreds of these emails near major deadlines (e.g., November 1, December 1, December 15), and it may take several days for us to get back to you when you respond.

- **Test Score Matching**
  - It may take five or more business days after you submit your application to match your official test scores. Expect to see “Awaiting” next to your official scores for several days after submission.
  - Test score matching depends on your giving exactly the same personal information (name, date of birth and gender) to UCLA as you gave to the testing agency when you registered for the examination.

- **Fee Waiver Review**
  - If you requested a fee waiver, it may take several business days after you submit your application for your documentation to be reviewed. If it is determined that you are not eligible for a fee waiver, you will receive an email notice with instructions for paying the fee.

- **Navigating the application**
  - I am in ABS 450 or DACA status. What should I do? Complete the entire application. On the Citizenship page, indicate your country of citizenship. For visa type, select NN if you are in ABS 450 status. If you are in DACA status, select DA.
